GEETA

METAL PRODUCTS

Manufacturers & Exporters of
Sheet Metal Components,
Brass Hollow Pins & Turned Components

About Us

Leading Manufacturer of Brass Precision Components, Hardware Fittings & Sheet Metal Components

Geeta Metal Products, established with an aim of manufacturing best quality metal products. Since the inception, our focus is to work for continuous improvement through appropriate training to our loyal workforce and also investing into the latest technology CNC machinery in order to stay at the forefront for massive manufacturing.

Excellence

We strive for excellence in everything we do, delivering top-quality products and services, and continuously seeking ways to improve and innovate.

Innovation

Encouraging a culture of innovation, promoting creative thinking, and continuously exploring new technologies and solutions to stay ahead in the industry.

Your Design. Our Precision

Our company is a value driven organization based on the strong foundations of reliability, innovation and pioneering technology working towards the ultimate core focus of maximizing highly delighted customers worldwide. We believe in quality, honesty, transparency and are committed to produce high quality components as per client's Drawings, Samples or Standard reference.

With state of the art machineries, skilled labour, sufficient measuring instruments and well experienced management, we always serve better quality at best prices.

Why Choose Us

Several Reasons why You Choose Geeta Metal Products

We are specialists in the use of brass, and our production programme ranges from the manufacture of simple turned parts to the complete processing of sophisticated products which satisfy customers individual requirements. We dedicate ourselves not only meeting but exceeding the client's expectations, consistently delivering on time orders and long-term partnerships.

Modern Machines

Our manufacturing unit is equipped with latest machines and technology to produce zero-defect and high performance metal components.

Dedicated Team

We are a team of highly skilled & experienced professionals, who endeavor their best to achieve the goals of our company successfully.

Cost Effective Price

The best part is we deliver high quality work at very highly competitive prices. We believe that price is a key to sales success.

On-Time Delivery

Our continuous observation of our customer's demand and supply gap enable us to offer the right products on the right time.

Quality

Our Quality Assurance team, comprised of extensively trained and highly experienced professionals, stands as the cornerstone of our endeavor. Their unwavering dedication ensures that we not only meet but surpass both national and international quality benchmarks. The relentless vigilance of our quality control team remains steadfast throughout the entire production lifecycle, from inception to the final dispatch, ensuring that each product aligns seamlessly with user requirements.

Our quality assurance team is trained and well experienced. We have lab area with modern equipments. We have established separate department for final inspection. We assure that all parts supplied by us are compatible and interchangeable with the corresponding original part and all critical dimensions and tolerances are in accordance. All products made by RK Industries are tested and inspected by certified professionals.

✔ ISO Certified Company ✔ Latest Machineries ✔ Experienced & Skilled Team

Quality Inspection Equipments

Instruments are heartbeats of industry, to assure good quality of products, Quality Instruments are required. Company has invested a good amount behind this to have majority type of Inspection instruments including all instruments and gauges along with the profile projector and other sensitive instruments.

Customer Satisfaction Is Our Priority

Our quality control department ensures that each product is manufactured with controlled process according to given task and quality of parts are maintained throughout entire process. For ensuring products are free from all kind of faults, we test our products with rigorous controls along with supplementary test like process control, assembly line control, quality control, material control, dimensional control, leakage and pressure control.

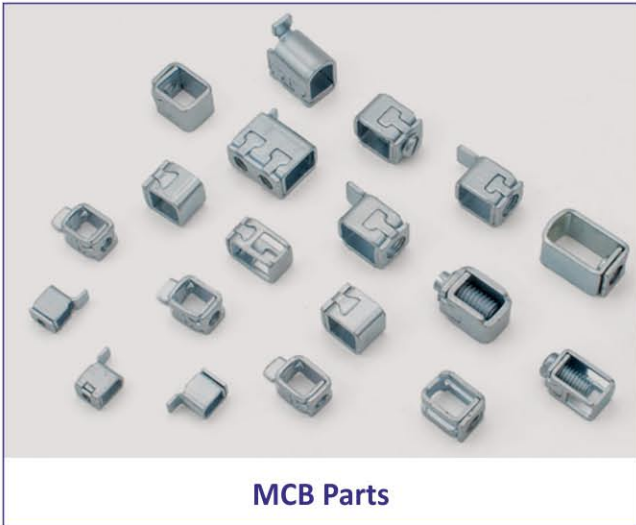

Training Policy

You need to provide training and instructions to your employees to ensure that they are able to carry out their tasks safely and without risks to health. Training is helping and showing employees what they should and should not do when they carry out their workplace activities.

Packing & Dispatch

We understand that packaging is the most important aspect. After inspection, each order is directed to a particular packing location. The completeness of whole order can be checked here optionally. Then the packing list gets printed and the whole order is packed and dispatched.

Sheet Metal Components

MCB Parts

Electrical Components

Drawer Lock Parts

Fasteners

Deep Draw Products

Sheet Metal / Stamping Parts are used in varieties of applications like riveting, Fitting, Supports, Locking, Fastening & for various uses in electromechanical & Automobile Industries. It comprises a lot of types like Washers, Lugs, Tags, Gaskets, Links, Banana Plugs, Terminals, Tapping Clips, Hinges etc. Apart from Plain Washers, all other varieties are exclusively developed as per custom designs & demands. Sheet Metal Components are generally made from Brass, Copper & Steel which are the universally used in most of the applications. Flat Washer, Star Washer, Teeth Washer, Spring Washer & Split Washers can be made available as per specific requirement.

Fasteners

Flat Washers

A flat washer is also known as a type A plain washer. Flat washers are circular and flat and vary in thickness. They also have a central hole to accommodate the bolt. Flat washers are used to distribute force or correct a hole size.

Screw Washers

The primary purpose of spring washers is to provide tension and preload in a joint assembly. This helps to maintain clamping force and prevent loosening or loss of tension due to vibration, thermal cycling, or other factors.

Screw With Square Washers

Used in fixing or fitting of different products, our huge assortment of Square Washer With Screw is precisely fabricated using quality tested raw material. Designed and developed in conformation with various industry standards, our range can also be customized to meet the specific industry needs and clients drawings. Available in various sizes, these square washer with screw are offered at cost effective prices.

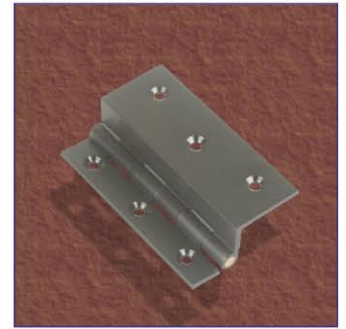

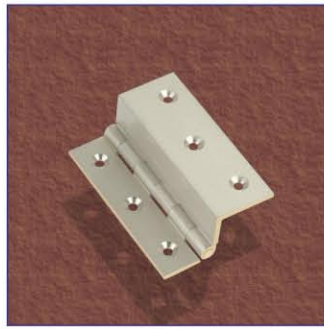

Hex Nuts

We are counted one of the most prominent manufacturers and exporter of Brass Hex Nut. This nut is engineered at our unit using premium raw metals which are obtained from the authentic vendors of the market with the aid of advanced technology and high end machines. Our offered product is suitable to be applied on any type of machine for tight & durable fitting.

Hardware Fittings

Hinges

Heavy and durable ball bearing Brass Hinges are provided for main doors. They are provided with 4 or 5 holes at one side for smooth opening and closing of the doors. These hinges are available with amazing antique finishing of brass and rust-proof coating for ensuring long lasting life.

Tower Bolts

Being a leading manufacturer and exporter of Brass Tower Bolts, we strive to maintain steadiness in the quality of our entire product range. Our company sustains certain quality standards while manufacturing so as to give a flawless quality tower bolts range to our clients. We are offering a wide variety of Fancy Brass Tower Bolts in terms of shapes, sizes and dimensions as per the customer's specifications.

Baby Latch

Being a leading manufacturer and exporter of Brass Tower Bolts, we strive to maintain steadiness in the quality of our entire product range. Our company sustains certain quality standards while manufacturing so as to give a flawless quality tower bolts range to our clients. We are offering a wide variety of Fancy Brass Tower Bolts in terms of shapes, sizes and dimensions as per the customer's specifications.

Hardware Fittings

Window Fittings

We are recorded among one of the prestigious associations in the space, occupied with offering prevalent quality scope of Brass Window Fittings to the customers. They are utilized to keep the entryways shape falling over to the other side and they are made to be smooth in application.

Jhula Fittings

We are recorded among one of the prestigious associations in the space, occupied with offering prevalent quality scope of Brass Window Fittings to the customers. They are utilized to keep the entryways shape falling over to the other side and they are made to be smooth in application. We are effectively associated with maker gigantic scope of this item which is are made with awesome craftsmanship with tastefulness look. They are solid materials and made with the best of value materials.

Drawer / Cupboard Lock

Constructed from quality metal, these drawer locks offers exceptional durability and resistance to corrosion, making it suitable for various environments, including kitchens, bathrooms, and offices. The classic appearance of brass adds a touch of timeless elegance to the drawer, enhancing its overall aesthetic appeal.

Rose Handles

Infusing the ambiance with modern style, these rose handles are beyond doubt created by us for the fans of current fashion. Long and polished handle, easy attachable base and preventive lacquer coating are the main attractions of these rose handles.

Plate Handles

We offer high quality range of Brass Plate Handles. It is made using latest technology and fine quality raw material which ensure its durability. It have several unique attributes such as attractive finishing, modern designs and durability. These products are available to the clients in various sizes and designs.

Door Handles

Our door handles are made of best quality material with excellent finish, also has a strong and sturdy build that resists daily scratches, corrosion, and tarnishing and also provides long-last durability. At the same time, it is stylish, simple and elegant. All our beautiful handles are made with care, and each top handle is carefully hand-printed to create a stylish look. They are all polished to provide a perfect classic look for your home, office, or hotel.

Handles

Window Handles

We are one of the leading manufacturer and supplier of window handles. We are obligated to meet the quality standards as per the customer demand. Our products and services are high in demand due to their premium quality and affordable prices. Furthermore, we ensure to timely deliver these products to our clients, through this we have gained a huge client base in the market.

Cabinet Handles

We offer a high-quality range of Brass Plate Handles. It is made using the latest technology and fine quality raw material which ensure its durability. It has several unique attributes such as attractive finishing, modern designs, and durability. These products are available to the clients in various sizes and designs.

Knobs

Crafted from high-quality solid brass, our brass knobs offer exceptional durability and resistance to corrosion. The brass finish not only enhances its longevity but also adds a touch of opulence to your entryway. These knobs are designed for ergonomic comfort, providing a comfortable and secure grip. Its smooth operation ensures effortless and elegant entry into your home. These knobs have a smooth surface that is easy to clean, important for high-traffic areas like your pantry cabinets. We also manufacture these knobs as per custom specifications and material requirements.

Hollow Pins

Solid Pin

6 AMP Hollow Pin

6 AMP Crimping Hollow Pin

6 AMP Crimping Solid Pin

10 AMP Crimping Hollow Pin

16 AMP Hollow Pin

16 AMP Crimping Hollow Pin

We are a unique entity in the industry, actively committed towards manufacturing optimum quality Brass Hollow Pins. These pins are used for simple, economical and easy fastening systems. They have shock and vibrating absorption capacity and can be removed for maintenance purposes. They are used for numerous engineering applications from automobile, electrical and electronic industries.

Features

- High Tensile Strength
- Corrosion Proof
- Optimum Finish
- Durable

Plug Inserts

2.5 AMP Moulded Plug Insert

6 AMP Moulded Plug Insert

16 AMP Moulded Plug Insert

UK Plug Insert

European Plug Insert

We are engaged in offering wide range of plug inserts to our clients. Brass Plug inserts are used in many industrial areas like in electrical, electronics as well as telecommunication industries. Being corrosion resistant in the finish, these are also capable to withstand heavy pressures and can be made available in different finish diameters as demanded by the customers. Here, our expertise also lies in making these available in customized finish specifications as per the specific end application needs of the customers.

Modular Socket / Switch

Modular Socket Parts

Modular Switch Parts

Terminals

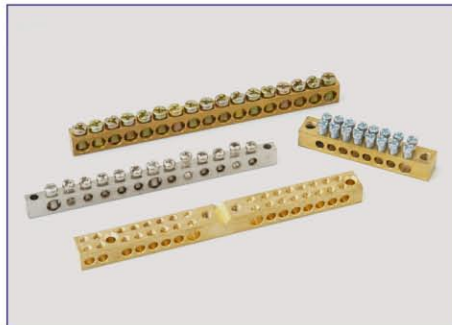

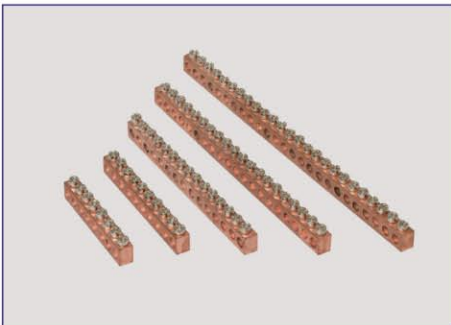

We are among the reputed organizations, deeply engaged in offering an optimum quality range of modular socket parts, modular switch parts, modular pins, terminals. etc. They exhibit the superior finish and durability due to the super fine raw materials. These brass modular switch parts are sturdy and safe as we follow the international standards in the production process. Our products are well recognized for their reliability and cost-effectiveness. We produce them in bulk with different sizes, dimensions, and specifications given by the clients.

Moulding Inserts

The wide range of Inserts include threaded moulding inserts, ultrasonic moulding inserts, knurled moulding inserts, moulding inserts for plastic, wood moulding inserts and more. The range of standard and high quality moulding inserts designed to moulded into the plastic, wood or any moulded components. We are looked upon as one of the prominent Moulding Inserts Suppliers in India.

Neutral Links

Neutral Links & Neutral Bars come with multi sockets and screws to accommodate as many as 14 to 20 neutral wires to minimize space and enhance their performance and management of the Brass Neutral Links & Neutral Bars become easier. We manufacture and export Brass Neutral Links & Neutral Bars in various sizes and capacities with stunning dimensions with quality assured finishing as per custom specification.

Electronic Components

We manufacture and export precisely engineered Electronics Components which are used in different machines and equipment. The wide range of Electronics Components are widely appreciated for their durability and reliability. The range of Electronics Parts are manufactured in different standards, grades and finishes. Electronics Components are widely used in different electrical and engineering industries.

Electrical Components

Brass Plugs

Brass Double Female Pin

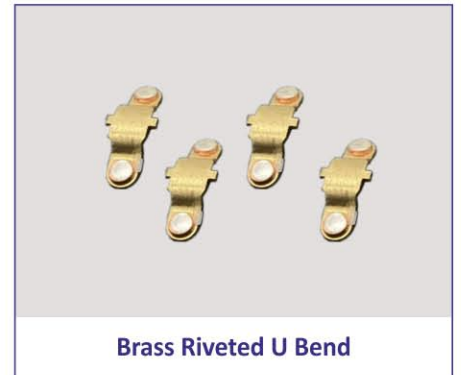

Brass Earth Pin

Brass Female Fuse

Brass Male Pin

Brass Riveted U Bend

Brass Terminal

Brass Wire Clip

Fuse Holder

MS Clamp

PB Fuse Clip

PB Fuse Holder

We are manufacturing all kinds of Brass Electrical Components, Brass Electrical Parts and Brass Electrical Fittings like Electrical Plug Pins, Sockets Pins, Brass Electrical Components, Brass Terminal Block, Brass Connectors, Brass Contacts and more. Brass Electrical Components are consumed in various applications like Toggle Switches, Modular Switches, Switchgears, Fuse Switches, Plug Pins & Sockets and many Electrical & Electronics Equipment or Parts.

Mortise Lock Parts

Our clients can avail from us broad assortment of Mortise Lock Parts that is available in various sizes, shapes and diverse colors. Situated in Jamnagar (Gujarat, India), we have constructed a wide and well functional infrastructural unit that plays an important role in the growth of our company. We offer these products at reasonable rates and deliver these within the promised time-frame.

Imitation Parts

Geeta Metal Products offers a complete choice Brass Imitation Jewellery Parts as per the needs of clients and specifications. These imitation parts are designed by combining best grade brass with an advanced machine in compliance with industry standards. We manufacture brass jewellery parts and components which are extensively demanded in the fashion and jewellery industries. Our team of skilled designers apply their expertise to transform raw stones and metal into a faultless piece of finished jewellery.

Stainless Steel Components

We Manufacture Stainless Steel Components, Stainless Steel Machine Components, Customized Stainless Steel Components, etc. Our products are known in the market for their superior varieties and durability. These are widely appreciated for their sustainability, reliability and precise designs. We ensure the most reliable products which are available in the best specification at the most profitable price range. Our products use in many industries like Automotive, Material Handling, Textile Industry, Medical & Engineering Sectors.

Infrastructure

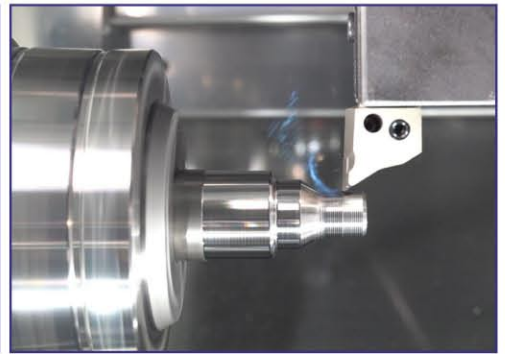

Ultra Modern & Innovative Manufacturing Unit

Our manufacturing unit is equipped with latest machines and technology to produce zero-defect and high performance Brass Components. The sophisticated production facilities enable us to execute orders of various sizes and specifications. The infrastructural facilities are also equipped with sophisticated packaging equipment and machinery to ensure quality packaging that ensures safety of products during transit and delivery. We not only prioritize quality production but also contribute to a greener and more sustainable future. Our dedication to environmental stewardship reflects our holistic approach to responsible and forward-thinking manufacturing.

We also have a separate R & D unit for continuous research and development to come out regularly with new products and improve the quality of existing products.

- ✓ Capacious Warehouse
- ✓ Exclusive Manufacturing of the Customized Products
- ✓ Separate R&D Department
